

OUTBOUND TRAINING PROGRAMMES

INTRODUCTION

Plant equipment and machinery in various plants need to be kept in such a condition that permits them to make use of profit making capacity without any interruption or hindrance. The objective of plant maintenance is to ensure minimum breakdowns and achieve good working condition at minimum cost. Maintenance department needs to ensure availability of the machines for the performance of their functions at maximum return on investment.

Good maintenance practices frequently help in achieving the following goals:

- Reduced equipment downtime and higher plant availability.
- Less number of maintenance emergencies.
- Motivated employees and increased morale.
- Maximum production capacity through higher utilization of facilities.
- Productivity improvement and cost reductions.
- Product quality and customer satisfaction through properly serviced equipment.
- Longer useful life of equipment.
- Improved inventory of spare parts.
- Minimum energy consumption.
- Safe plant equipment and prevention from any safety hazards.
- Environmental, Health & Safety compliance, etc.

Keeping various maintenance objectives in view, such as noted above, a number of Outbound Training Programmes on different themes, modules and topics are conducted by IMME at reputed star hotels and other appropriate venues usually on a 2-day or a 3-day basis with participation of maintenance managers, engineers, technical executives, etc. from different industries.

METHODOLOGY

The methodology for conducting the Outbound Training Programmes is briefly described as below:

- Focused Presentation
- Interactive Discussions
- Case Studies and Practical Examples
- Participants' Problems / Question Answer Sessions
- Group Discussions
- Project Assignments

TRAINING PROGRAMMES OFFERED

Various training programmes on different modules related to maintenance management functions are periodically conducted by IMME as noted below:

- Improving Maintenance Cost-effectiveness
- Planned Maintenance Systems and Procedures
- Condition-based Predictive Maintenance
- Machine Failure Analysis and Control
- Machine Reliability and Maintainability Improvement
- Spare Parts Management
- Creative Thinking for Innovation and Problem-solving
- Total Productive Maintenance
- Maintenance Productivity Improvement
- Maintenance Cost and Downtime Control
- Maintenance for Zero Breakdowns
- Maintenance Cost Control and Spare Parts Management
- Preventive and Predictive Maintenance
- Machine Failure Analysis and Reliability & Maintainability Improvement
- Creativity and Value Analysis for Maintenance Functions
- Total Productive Maintenance and Maintenance Improvement
- Quiz Programme on Maintenance Management
- Maintenance Management
- Maintenance Engineers Development Programme
- Maintenance Workers Development Programme
- Reliability-centred Maintenance (RCM)
- Best Practices in Maintenance Management
- World Class Maintenance Management, etc.

EXCELLENCE IN TRAINING FOR OVER 30 YEARS

CLIENTS FOR OUTBOUND TRAINING PROGRAMMES

□ Tens of Thousands of candidates from a large number of reputed companies in the corporate sector have participated in different training programmes & courses conducted by IMME in a period of over 30 years.

□ *Some of the companies who have participated in the Outbound Training Programmes conducted by IMME are shown below:*

ABB Limited	Chittaranjan Locomotive Works	Hindustan Unilever Limited
A.P. Industrial Components Ltd.	Cipla Limited	Hindustan Motors Limited
Adinath Textiles Limited	Coal India Limited	Hindustan Newsprint Limited
Ador Welding Ltd.	Color-Chem Limited	Hindustan Organic Chemicals Ltd.
Alfa Laval (India) Ltd.	Coromandel Fertilizers Ltd.	Hindustan Petroleum Corpn. Ltd.
